Pam,

The information you provide in March was incorporated into the engineering report and it did help address the fugitive air releases during manufacturing and the new information addressed the water releases during processing. I am waiting on an updated Exposure report so that the Human health report can use that data to run the risk to gen pop. I did send a Notification to the Risk Assessment Branch(RAB) to get an update on the exposure report.

I will follow up with you to talk about the conditions that may be in the Consent Order.

Jeff

Hi Jeff,
If you are not the correct person to obtain an update to this PMN, please let me know who I should connect with.
Thank you in advance,
Pam

Hi Jeff,
Just looking for an update on the PMN.
Where is it in the EPA review process?
Thank you in advance.
Pam
